

Stained Glass Project

The stained glass project that we did in math was so fun. I chose to do a 3d cube illusion, with ten lines, because it looked cool and seemed simple. The project was really fun.

Linear Equations

$$Y=3/2x+11$$

$$Y=3/2+9$$

$$Y=3/2+7$$

$$Y=3/2+5$$

$$Y=3/2+3$$

$$Y=-3/2+11$$

$$Y=-3/2+9$$

$$Y=-3/2+7$$

$$Y=-3/2+5$$

$$Y=-3/2+3$$
